Welch Allyn 3.5v Integrated Diagnostic Unit

A convenient, modular package that puts everything needed for the fast, accurate diagnosis at arm's length. By combining a wall aneroid, ophthalmoscope, otoscope, specula dispenser and thermometer (optional extra), Welch Allyn puts all the basic diagnostic tools within easy reach.

Integrated 767 Diagnostic Wall Unit

- Wall Transformer with automatic on/off optical sensors
- Optional locking collars are available to provide security for instrument heads
- Disposable specula dispenser with 1,000 specula
- Tyco's Aneroid Sphygmomanometer is certified accurate to within 1%, with a lifetime calibration and manufacturing warranty on manometer
- Easy to install and comes on a sturdy predrilled mounting board

3.5v Elite Ophthalmoscope Head:

- 6 apertures (small, medium and large spot, target, slit and cobalt blue) Polarising and red free filters plus 28 lenses give diagnostic flexibility

3.5v Elite Fibre Optic Otoscope Head:

- Insufflation port for pneumatic otoscopy
- HPX bulb gives 30% more light than traditional halogen, showing truer tissue colour

Welch Allyn Digital MacroView™ Otoscope

WelchAllyn®

See it. Share it. Save it.

Offering you clear, live and still images of the ear canal and tympanic membrane. The Digital MacroView Otoscope is a valuable tool in support of the treatment and management of your patient's ears. Requiring no additional purchase of software, the digital MacroView Otoscope is easy to learn and use.

- Insufflation port for pneumatic otoscopy
- Compatible with the range of Welch Allyn 3.5v power sources
- Improves communication which can lead to better patient compliance
- Allows you to store digital images in patient records for enhanced documentation of exam findings
- Provides you the ability to share images with other providers as visual descriptive reference
- Gives you an excellent training aid or educational purposes
- Offers you the ability to view small details of tubes and hearing aids
- Supplied with C-Cell handle - not shown

Choice of 2.8v dry cell or 3.6v rechargeable lithium battery

Practitioner Ophthalmoscope Head:

- The positive maywheel lens control allows you to select a range of lens powers from +40D to -25D. This allows detailed examination of the ocular structures and ease of use for spectacle wearers
- The Practitioner includes 6 beams for a full diagnostic capability and a Blue filter, useful for assessing corneal scratches in children
- Red free filter for enhanced vessel examination can be used with both diagnostic beams, is particularly useful for diabetic assessment and monitoring

Practitioner Fibre Optic Otoscope Head:

- Unobstructed open style head for easy introduction of small instruments for wax or foreign body removal
- Large slide aside 2.5x lens for clear view of aural structures and procedures under magnification
- Facility to undertake pneumatic testing for tympanic mobility
- Disposable specula available in 2.5mm, 3.5mm, 4.5mm and 5.5mm

The set is supplied in a hard case with 1 x slimline handle, 1 x replacement ophthalmoscope bulb, 1 x replacement otoscope bulb, 1 x Airtight chamber/Pneumatic testing adaptor, 4 x otoscope disposable specula and 5 x otoscope reusable specula

- Dry cell version requires 2 x AA size batteries - not supplied
- Lithium rechargeable version requires charger - not supplied

Keeler Otoscope Reusable Specula

- Suitable for Practitioner, Vista, Fibre Optic, Standard, Pocket

5790	Reuseable specula, set/5	£25.00
------	--------------------------	--------

Keeler Lithium Mini Charger

- Fast charges in 2 hours
- Provides over 2 hours of continuous use
- Can use instrument when charging
- LEDs indicate when battery life is low, charging or fully charged

5797	Lithium Mini Charger for Slim Line Handle	£97.00
------	---	--------

Keeler Lithium Dual Charger

- Recharges two Slim Line handles
- Fast charges in 2 hours of continuous use
- Provides over 2 hours use time
- LEDs indicate when battery life is low, charging or fully charged

5798	Lithium Charger for Slim Line handle	£212.00
------	--------------------------------------	---------

Keeler General Accessories

5822	Bulb Extractor for Both Old & New Type Standard & Pocket	6	£3.90
5796	Airtight Chamber/Magnifier for Both Old & New Type Standard & Pocket	7	£16.00
5821	Otoscope Viewing Lens, for Practitioners & Vista		£15.50

Keeler 3.75v Lithium Battery

- Lithium battery for use with all Keeler slim line instrument handles
- When fully charged provides over 2 hours use time

5805	Rechargeable Lithium Battery for Slim Line handle	£75.00
5800	Red End Cap for Slim Line handle	£24.00

ophthalmoscopes & otoscopes

Keeler 3.6v Rechargeable Desk Set

Keeler

- 3.6v Illumination
- Can be desk or wall mounted to suit your needs
- Lithium-ion technology provides over 2 hour of continuous use and 2 hour rapid charge
- LEDs indicate when battery life is low, charging or fully charged
- Complete with two handles and charger
- Disposable specula available in 2.5mm, 3.5mm, 4.5mm and 5.5mm

Choice of 3 combinations

Set A Standard Ophthalmoscope, Standard Otoscope

Set B Practitioner Ophthalmoscope, Practitioner Otoscope

Set C Practitioner Ophthalmoscope, Practitioner Fibre Optic Otoscope

5784	Rechargeable Set A Standard Set	1	£635.00
5785	Rechargeable Set B Practitioner Set		£669.00
5786	Rechargeable Set C Practitioner with Fibre Optic Otoscope Set		£756.00
5799	Charger Wall Mounting Kit		£24.00
5791	Disposable specula, pk/500 - specify size		£49.00

Keeler 3.6v Cord Handle Wall Set

- 3.6v Illumination
- Keeler's anti-theft designed ophthalmoscope and otoscopes have a lockable head and handle fitting
- Strong coiled tangle-free cable permits instrument use up to 3 metres from transformer position
- Automatic illumination when the instruments are removed from their cradle. With LED confirmation
- Mains only
- Disposable specula available in 2.5mm, 3.5mm, 4.5mm and 5.5mm

Choice of 3 combinations

Set A Standard Ophthalmoscope, Standard Otoscope

Set B Practitioner Ophthalmoscope, Practitioner Otoscope

Set C Practitioner Ophthalmoscope, Practitioner Fibre Optic Otoscope

- Optional wall mounted Dispos-A-Spec, specula dispenser supplied with 25 x 2.5 mm, 3.5 mm, 4.5 mm and 5.5 mm disposable specula

5787	Cord Handle Set A Standard Set		£646.00
5788	Cord Handle Set B Practitioner Set		£673.00
5789	Cord Handle Set C Practitioner with F.O. Otoscope set	2	£765.00
5820	Dispos-A-Spec	3	£61.00

Heine 2.5v K180 Fibre Optic Set

Heine K180 Diagnostic Set comprises:

K180 Otoscope Head

- 2.5v fibre optic illumination
- High quality acrylic viewing window with 3x magnification
- High output Xenon bulb
- Swivelling viewing window
- Insufflation port
- Supplied with 4 x reusable specula

K180 Direct Ophthalmoscope Head

- Soft orbital rest, Ergonomical shape
- 5 apertures; slit, red-free, target fixation, large and small spot
- Aspherical optics give brilliant image with reduced corneal reflexes
- Dust-resistant housing
- 28 lenses from - 35 D to + 40 D
- Supplied with metal handle in case
- Requires 2 x C size batteries – not supplied

6967	K180 Fibre Optic Set	£269.00
6806	Duracell C Size Battery, pk/2	£2.90
